

## **Reasons which make us the best choice for you**

### **Focus On Teaching**

Teaching music is our primary function. We sell music accessories (instructional books, guitar strings and picks, etc.) and rent orchestra instruments for your convenience, but our main focus is on providing the highest quality of music instruction, NOT selling you the latest music gear.

### **Highly Skilled, Friendly Teachers**

Our instructors are highly qualified and many have extensive performance experience. Most importantly, our instructors tailor their teaching to each individual student's learning style.

### **All Ages - Beginners to Advanced**

Our current students range from 1 years old all the way to students in their 50s and 60s. We take care to teach what you want to learn so music is rewarding for students of all ages and levels.

### **Private Lessons**

Private lessons ensure that the student has the undivided attention of the teacher and can progress at a level suited to them individually.

### **Regular Recitals**

Recitals are held monthly to provide students with performance experience and build confidence.

### **Exam Preparation**

We offer full training in repertoire, studies, technique, ear training and sight reading to prepare interested piano students for yearly evaluations offered by the Music Teachers National Association.

### **Preschool/Early Childhood Music Program**

Our group classes for kids 7 and under expose children to the basics of music in a fun, supportive environment. Our classes include: Melody Time (ages 1-2), Little Musicmakers (ages 2.5-5), Keyboard Kids (ages 4-6) and Little Musicians (ages 5-7). These programs build a solid foundation for later success in studying a musical instrument.
